

## estevan art gallery & museum

April 2011

**Artist: Pavitra Wickramasighne**

**Artwork: Installation Sculpture and New Media**

Students will view the artwork of artist Pavitra Wickramasighne, whose artwork includes video projections and light projections. They will discuss how Pavitra uses stop motion animation in her projections, and how animation is created through drawing.

### April Art Project

#### **Animation Flip Books**

Students will learn some tips and tricks for drawing cartoon characters. They will then create their own flip books, and incorporate their cartoon characters into some sort of setting in their flip books. In doing so, they will be able to create their own animations or mini movies.

Tour Dates Available: April 11, 12, 13, 15

May 2011

**Artists: Alicia Popoff & Leslie Potter**

**Artwork: Abstract Painting and Steel Sculpture**

Students will engage in a discussion about the origins of abstract art and its manifestations today. They will also discuss how color, form and line can evoke thought and emotion in an abstract painting.

### May Art Project

#### **Abstract Painting: Creating Texture**

Students will create their own abstract painting on canvas, using a variety of tools to create texture, such as combs, marbles, bubble wrap and moulding paste. Students will be required to convey a certain feeling or emotion in their painting through their use of texture and color.
